

# Information on REACH Consortia

## Rare Earth substances

February 2024

General Information	
Name of commodity/association	
Name of consortia(um)	Rare Earth Compounds REACH Consortium
Official launch on (date)	May 2008
Scope (e.g. substances, activities)	<p>The consortium focusses on REACH registration obligations for Rare earth compounds (main elements: cerium, lanthanum, neodymium, praseodymium, Yttrium, ...). The objective of the consortium is preparing scientifically sound and compliant REACH registration dossiers.</p> <p>The list of substances can be found here:</p> <p><a href="http://www.rare-earth-consortium.eu/substances">http://www.rare-earth-consortium.eu/substances</a></p>
Contact?	<a href="mailto:rare-earth-consortium@arcadis.com">rare-earth-consortium@arcadis.com</a>
Number of members + comment if appropriate	<p>10 members</p> <p><a href="http://www.rare-earth-consortium.eu/members">http://www.rare-earth-consortium.eu/members</a></p>
Minimum fee for consortium	Calculated upon request
Brief description of membership profile (e.g. manufacturers, ORs, companies per legal entity etc.)	Manufacturers and importers of rare earth compounds
Status and Comments	
Support on REACH-type regulations (e.g. Korea, Turkey, UK)	Supporting data sharing for non-EU-REACH registration obligations. Considering Lead Registration roles for UK-REACH registration.
